BiOWiSH™ Enzyme Deodorant

Fact Sheet

BiOWiSH™ Enzyme Deodorant

Description:

BiOWiSH™ Deodorant is a natural, mild, safe and long-lasting anti-perspirant providing protection against wetness and odor.

BiOWiSH™ Deodorant is uniquely formulated without alcohol or aluminum and designed to suit both men and women with sensitive skin.

Formulated with certified organic ingredients and based on the revolutionary BiOWiSH™ Cosmetic Enzyme Technology, BiOWiSH™ Deodorant delivers soothing freshness and is the most effective all-natural deodorant you will find to assist against the most persistent odors.

BiOWiSH™ Deodorant is:

- Aluminum Free
- Alcohol Free
- All Natural
- Low Scent
- Non Sting
- Natural
- Effective

Why Risk It?

Your typical supermarket deodorant contains a cocktail of chemicals including aluminum. Aluminum has been linked to the rising epidemic of Alzheimer's disease and depression. Opt for the all natural, environmentally friendly, effective and joyful alternative product – **BiOWiSH™ Deodorant**.

Directions for Use:

Apply underarms.

Only a small quantity is required for full effectiveness.

Do not use on broken or irritated skin.

Replace cap tightly after use.

Store below 30°C
